C. Substitute Drawings

Also enclosed is a substitute set of drawings as required by the Patent Office. The substitute drawings are believed to be in formal form. They condense the number of drawings from the originally filed application and, it is submitted, do not add any new matter by either addition or subtraction. Because this substantially reduces the number of figures in the application, a Preliminary Amendment is also submitted in a separate concurrently filed paper to merely conform the written description to the substitute drawings. Again, it is submitted no new matter is added by addition or subtraction. The entry of the Preliminary Amendment and substitute drawings is respectfully requested.

D. Conclusion

It is believed that this response meets all the requirements in the Notice to File Missing Parts mailed April 4, 2002. A check in the amount of \$1,570.00 is enclosed to cover the surcharge for the inventors' enclosed Declaration and a four-month extension of time. It is not believed that any additional fee or extension of time is required with the submission. However, if any such fee is required and/or any additional extension of time is deemed necessary for entry of this response, please consider this a request therefore and charge any required fee to deposit account #26-0084. A duplicate of this request is attached.

Respectfully submitted,
